

Model: SF-130B Digital temperature meter

Dimension: 69mm(L)×23mm(W)×39mm(D)

Mounting hole dimension: 66mm L)×19.5mm(W)

Features:

- 1、 Power supply: AC 230V, 50/60Hz
- 2、 Range of temperature display: -50~ + 150°C Accuracy: $\pm 1^{\circ}\text{C}$
- 3、 Temperature sensor: NTC, 2 meters long, nickel-clad copper case (Neither positive nor negative)
- 4、 Waterproof designs: Inserted panel install, easy and convenient
- 5、 Panel materials: Red transparent PC, flame retardant.
